

Purge a trailer easily with the Loading Dock Fan

Easily cool and ventilate a truck trailer or loading dock with our high velocity Multifan Loading Dock Fan. The focused airstream is ideal for rapidly equalizing the temperature inside the trailer with the facility temperature, and removing heat, gas and odor in a couple of minutes. Thanks to the swing arm, the fan can be positioning precisely for maximum effectiveness, while keeping the fan safely out of the way of operators and forklift trucks.

Why choose this fan:

- Heavy duty motor for long lifetime
- Flexible design: Suspension arm with 3 pivot points
- Focused airstream for fast purging
- Materials resistant against corrosive climates
- Easy installation and maintenance
- UL Recognized
- 3-year warranty on the fan

Options:

- Available in 16" and 20"
- Other power supplies on request

Features:

- Variable speed capable (Triac or Transformer)
- Rated IP55 for outdoor or wash-down duty
- Suitable for ambient temperatures -13°F up to 104°F
- Motor Class F insulation for longevity
- Include 10ft. power cord

Other fan solutions

Our circulation fans can be used in a wide range of areas and in the most demanding environments. Ideal for warehouses, loading docks, shipping areas and a variety of industrial applications. Contact your Multifan dealer or our Vostermans Ventilation Customer Service Team for additional support.

Other fan solutions for your loading dock:

The 16" and 20" Loading Dock Fans are optionally available as Mobile Fans

Use 20", 24" 36" or 50" Basket Fans with optional wall brackets for more air volume
